ENVIRONMENTAL REVIEW DATA SHEET (ERDS)

APPLICATION YEAR:

APPLICANT NAME:

PROJECT TITLE:

ITEM 1

Has a CEQA Notice of Determination (NOD) been filed for the Project? YES NO

If YES, stop here.

If NO, continue to ITEM 2

ITEM 2

Does the proposed Project include a request for funding for CEQA and/or NEPA document preparation prior to implementing the remaining Project Deliverables (i.e., is it a two-phased Project pursuant to Section 4970.06.1(b)). YES NO

If YES, stop here. A subsequent ERDS shall be prepared prior to the OHMVR Division approval of the second Project phase if an NOD has not been filed at that time.

If NO, continue to ITEM 3

ITEM 3

Are the proposed activities a "Project" under CEQA Guidelines Section 15378? YES NO

If YES, complete ITEMS 4 – 10. If unsure, mark YES and complete ITEMS 4 – 10.

If NO, check the appropriate box below:

- The Application is requesting funds solely for personnel and support to enforce OHV laws and ensure public safety. These activities would not cause any physical change in the environment, or a reasonably foreseeable indirect physical change in the environment, and are thus not a "Project" under CEQA.
- Other. Explain why proposed activities would not cause any physical change in the environment, or a reasonably foreseeable indirect physical change in the environment, and are thus not a "Project" under CEQA.
DO NOT complete ITEMS 4 – 10.

NOTE: If the proposed activities are considered a "Project" under CEQA Guidelines Section 15378, the Applicant must provide an explanation for answers to ITEMS 4 – 10. Simple YES or NO responses without an explanation shall not be accepted. If an explanation can be found in NEPA or other documentation, then summarize and list the page number from which the Applicant is summarizing. For ITEMS 4 – 10, the Applicant may also list Best Management Practices (BMPs), Standard Operating Practices or Procedures (SOPs), and Limited Operating Periods (LOPs) that will avoid adverse effects from the Applicant's activities.

ITEM 4

Evaluate the impact of this Project on wetlands, navigable waters, and sensitive habitats and species (including threatened and endangered species):

ITEM 5

Evaluate cumulative impacts from this Project along with others of the same type in the same general place, such as increased noise or traffic. Refer to the cumulative impacts discussion in the environmental impact statement, land management plan, or other sources as appropriate:

ENVIRONMENTAL REVIEW DATA SHEET (ERDS)

ITEM 6

Discuss whether the proposed Project could have a significant effect on the environment due to substantial soil erosion or the loss of topsoil:

ITEM 7

Discuss the potential for damage to scenic resources within the viewshed of a highway officially designated as a state scenic highway:

ITEM 8

Is the proposed Project Area located on a site included on any list compiled pursuant to Section 65962.5 of the California Government Code (hazardous materials)? YES NO

Refer to the Cortese List data resources at the following website to identify documented toxic hazards at the Project site:

www.calepa.ca.gov/SiteCleanup/CorteseList/default.htm

If YES, describe the location of the hazard relative to the Project site, the level of hazard and the measures to be taken to minimize or avoid the hazards:

Discuss the potential for the proposed Project to have any substantial adverse impacts to historical or cultural resources:

ITEM 10

Discuss the potential for the Project to cause indirect significant impacts, either by causing user groups to go elsewhere, causing significant impacts off-site, or significantly increasing use in the vicinity of the Project site:

HABITAT MANAGEMENT PROGRAM (HMP) (PART 1)

APPLICATION YEAR:

APPLICANT NAME:

ITEM 1. DETERMINE THE NEED FOR FULL HMP

All Applicants submitting Projects involving Ground Disturbing Activities are subject to HMP requirements. The HMP must cover the combined Project Area of all proposed Projects with Ground Disturbing Activities.

Applicants able to certify that none of the proposed activities listed in the Application in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats shall submit only HMP Part 1. Applicants who cannot certify that the proposed activities listed in the Application in areas open to legal OHV Recreation do not contain any risk factors to special-status species and/or sensitive habitats shall submit HMP Parts 1 and 2.

Can the Applicant certify that none of the proposed Projects with Ground Disturbing Activities in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats? YES NO

*If YES, complete only HMP PART 1
If NO, complete HMP PARTS 1 and 2*

HABITAT MANAGEMENT PROGRAM (HMP) (PART 2 - RISK ANALYSIS, MANAGEMENT PROGRAM, AND REPORTING)

SECTION II. SPECIAL-STATUS SPECIES AND ANY OTHER SPECIES OF LOCAL CONCERN THAT WERE CONSIDERED FOR INCLUSION IN THE HMP

Complete Table 2 for all reviewed special-status species and any other species of local concern. List all special-status species that could occur within the Project Area of all proposed Projects with Ground Disturbing Activities. special-status species are:

- Federally Endangered (FE)
- Federally Threatened (FT)
- Species proposed for federal listing as endangered or threatened (FPE/T)
- Federal Candidate (FC)
- United States Forest Service Sensitive Species (FSS)
- Bureau of Land Management Sensitive Species (BLMSS)
- State Endangered (SE)
- State Threatened (ST)
- Species proposed for state listing as endangered or threatened (SPE/T)
- State Candidate (SC)
- California Species of Special Concern (CSSC)
- State Fully Protected (SP)
- California Native Plant Society 1B – Plants rare, threatened, or endangered in California and elsewhere (CNPS 1B)
- California Native Plant Society 2 – Plants that are rare, threatened, or endangered in California, but more common elsewhere (CNPS 2)
- United States Forest Service Management Indicator Species “MIS” (FSMIS)
- Bureau of Land Management “MIS” (BLMMIS)
- Species of local concern and any other that the Grant or Cooperative Agreement Applicant has determined shall be included in the HMP (SLC)

Listing Status – Identify the list(s) that contain the identified species utilizing the acronym codes in parentheses above.

Habitat – Describe the listed species’ habitats.

Potential for Occurrence – Identify whether there is potential for the listed species to occur within the Project Area of applicable proposed Projects.

Addressed by HMP? – Indicate whether the species or habitat is addressed in the HMP. If not, explain why. If the species could potentially be affected by any Project activities in areas open to legal OHV recreation, state YES and be sure to address the species in subsequent HMP sections. If the species could not be affected by Project activities, state NO. Include a brief explanation of the rationale for not including a particular species when the answer in the column box is NO. For example, if activities are limited to routine trail maintenance involving trail brushing, minor grading, and reinstallation of erosion control structures, those activities probably would not affect foraging special-status migratory birds.

NOTE: The Wildlife and Habitat Data Analysis Branch of the California Department of Fish and Game (CDFG) produces complete lists of “special” plants and animals, which are updated twice a year as part of the California Natural Diversity Data Base (CNDDDB). Subscribers to CNDDDB receive the lists as part of their subscription. The lists can also be obtained from the CDFG website at: <http://www.dfg.ca.gov/wildlife/species/list.html>. Other useful California species lists can also be found at this website.

HABITAT MANAGEMENT PROGRAM (HMP) (PART 2 - RISK ANALYSIS, MANAGEMENT PROGRAM, AND REPORTING)

SECTION III. MAP(S) OF PROJECT AREA WITH SPECIES AND/OR HABITAT ADDRESSED BY THE HMP

Applicants must include maps for all species and/or habitats addressed in the HMP (i.e., where YES is the answer to the question in the fifth column of Table 2). The map(s) should illustrate the spatial relationship between special-status species, Project activities, and OHV Recreation. If the Applicant does not include a map showing each species and/or habitat as described above, provide an explanation for the omission (e.g., lack of funds, mapping next year). Maps must include the following:

1. Identification of Project activities and OHV Recreation within the Application Project Area (e.g., Roads, trails, and areas open for OHV Recreation) and the location of special-status species and/or their habitats. If specific features (e.g., streams, specific campgrounds) are discussed in the HMP, they shall be shown on the maps. *Detailed location information that might jeopardize special-status species does not need to be included. The Applicant may use circles or other symbols to indicate relative locations.*
2. Include a north arrow and scale. Reference all maps to a vicinity map of the OHV area or otherwise clearly indicate the location of the area mapped.
3. Use the same common/scientific names on the map as are used in Table 2.
4. Format maps as a JPEG file. The OHMVR Division accepts foldout maps if they are folded to 8 1/2 x 11 inches or put into a pocket to fit this format.

HABITAT MANAGEMENT PROGRAM (HMP) (PART 2 - RISK ANALYSIS, MANAGEMENT PROGRAM, AND REPORTING)

2. The term "Act" as used herein means the Off-Highway Motor Vehicle Recreation Act of 2003 as amended.
3. The term "Project" as used herein means the Project which is described on Attachment 1 of this agreement and in the Project Application, which is hereby incorporated into this agreement by reference.
4. The term "Application" as used herein means the individual Project Application and its required attachments pursuant to the enabling legislation, regulations, and/or Grant program, which is incorporated into this agreement by reference.
5. The term "Project Agreement" as used herein means the Application and the Project Agreement General Provisions.
6. The term "Grantee" as used herein means the party described as the Grantee on page 1 of the Project Agreement.

B. Project Execution

1. Subject to the appropriation and availability of Grant funds in the state budget, the State hereby awards to the Grantee the sum of money (Grant money) stated on page 1 of the Project Agreement in consideration of and on condition that the sum be expended in carrying out the purposes as set forth in the Project Description on Attachment 1 of the Project agreement and the terms and conditions set forth in this agreement.

The Grantee assumes the obligation to furnish any additional funds that may be necessary to complete or carry out the Project as described. Any modification or alteration in the Project as set forth in the Application on file with the State must be submitted to the State for approval. State's obligation to make Grant payments is limited to the Project as provided for herein, or as modified with the approval of the State.

2. The Grantee agrees to complete the Project in accordance with the Project performance period set forth on page 1 of the Project Agreement, and under the terms and conditions of this agreement.
3. If the Project includes development, the development plans, specifications and estimates or Force Account Schedule shall be reviewed and approved by the State prior to Grantee proceeding with the Project. Unless the development plans, specifications and estimates are approved by the State, the State shall have no obligation to make Grant payments for the work.

The Grantee, shall comply with all applicable current laws and regulations affecting Development Projects, including, but not limited to, legal requirements for construction contracts, building codes, health and safety codes, and laws and codes pertaining to individuals with disabilities. In addition, the Grantee shall complete the development work in accordance with the State approved development plans, specifications and estimates or Force Account Schedule. The Grantee shall make property or facilities acquired and/or developed pursuant to this agreement available for inspection upon request by the State to determine if development work is in accordance with the approved plans, specifications and estimates or Force Account Schedule, including a final inspection upon Project completion.

4. If the Project includes acquisition of real property, and the cost of which is to be reimbursed with Grant moneys under this agreement, shall as required thereby, comply with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code and any other applicable federal, state, or local laws or ordinances. Documentation of such compliance will be made available for review by the State upon request. Eminent domain may not be used to acquire property using the Grant funds provided by this agreement.
5. If the Project includes acquisition of real property, the purchase price shall be the fair market value of such property as established by an appraisal completed according to established current appraisal practices and methods as approved by both the Grantee and the State. Grantee agrees to furnish the State additional supportive appraisal material or justification as may be requested by the State to complete its review and approval of the fair market value.

Grantee agrees to furnish the State with preliminary title reports respecting such real property or such other evidence of title which is determined to be sufficient by the State. Grantee agrees to correct prior to or at the close of escrow any defects of title which in the opinion of State might interfere with the operation of the Project.

C. Project Costs

The Grant moneys to be provided to the Grantee under this agreement shall be disbursed as follows, but not to exceed in any event one-hundred (100) percent of the allowable Project costs or the State Grant amount as set forth on page 1 of this agreement whichever is less:

1. If the Project includes acquisition of real property, the State shall disburse to Grantee the Grant moneys as follows, but not to exceed in any event the State Grant amount set forth on page 1 of this agreement.

State will disburse the amount of the State approved purchase price together with State approved costs of acquisition. The State may elect to make disbursement for deposit into escrow.

2. If the Project includes development, after approval by State of Grantee's plans, specifications and estimates or Force Account Schedule and after completion of the Project or any phase or unit thereof, State shall disburse to Grantee upon receipt and approval by State of a statement of incurred costs from Grantee, the amount of such approved incurred costs shown on such statement, not to exceed the State Grant amount set forth on page 1 of this agreement, or any remaining portion of such Grant amount to the extent of such statement. Grantee, upon a showing that the Project may not proceed without advance funding, may request advance payment of those funds needed up to a maximum of ninety (90) percent of the State Grant amount allocated for development upon receipt and approval by State of Grantee plans, specifications and estimates or Force Account Schedule.

The statements to be submitted by Grantee shall set forth in detail the incurred or estimated cost of work performed or to be performed on development of the Project and whether performance will be by construction contract or by Force Account. Statements shall not be submitted, nor shall State make payments, more frequently than for work performed during ninety (90) day periods unless otherwise requested by State.

D. Project Administration

1. The Grantee shall promptly submit such progress, performance or other reports concerning the status of work performed on the Project as the State may request. In any event, the Grantee shall provide the State a report showing total final Project expenditures including State and all other moneys expended within one hundred twenty (120) days after completion of Project.
2. The Grantee shall make property and facilities maintained, operated, acquired or developed pursuant to this agreement available for inspection by the State upon request.

3. The Grantee shall use any moneys advanced by the State under the terms of this agreement solely for the Project herein described.
4. The Grantee may be provided advanced payments for Grants but only for those that are for Planning, Acquisition, and Facility Operation and Maintenance. The Grantee shall place such moneys in a separate interest bearing account, setting up and identifying such account prior to the advance, interest earned on Grant moneys shall be used on the Project or paid to the State. If Grant moneys are advanced and not expended, the unused portion of the Grant (plus interest) shall be returned to the State within one hundred twenty (120) days of completion of the Project or end of the Project performance period, whichever is earlier.

Income, after deduction for reasonable expenses associated with that income, that is earned by the Grantee from a State approved non-recreational use on an acquisition Project, subsequent to taking title by the Grantee, but before use for OHV Recreation, must be used by the Grantee for recreational purposes at the Project.

5. Equipment must be used solely for OHV related purposes unless the Applicant is funding the portion of the purchase price not dedicated to OHV purposes

E. Project Termination

1. The Grantee may unilaterally rescind this agreement at any time prior to the commencement of the Project. After Project commencement this agreement may be rescinded, modified or amended by mutual agreement in writing.
2. Failure by the Grantee to comply with the terms of this agreement or any other agreement under the Act may be cause for suspension of all obligations of the State hereunder.
3. Failure of the Grantee to comply with the terms of this agreement or contract under the enabling legislation may be cause for suspension of all obligations of the State hereunder. However, such failure shall not be cause for the suspension of all obligations of the State hereunder if in the judgment of the State such failure was due to no fault and beyond the control of the Grantee to prevent, mitigate, or remedy.
4. Because the benefit to be derived by the State, from the full compliance by the Grantee with the terms of agreement, is the, operation, development, preservation, protection and net increase in the quantity and quality of public outdoor recreation facilities available to the people of the State of California and because such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the State by way of Grant moneys under the terms of this agreement, the Grantee agrees that payment by the Grantee to the State of an amount equal to the amount of the Grant moneys disbursed under this agreement by the State would be inadequate compensation to the State for any breach by the Grantee of this agreement. The Grantee further agrees therefore, that the appropriate remedy in the event of a breach by the Grantee of this agreement shall be the specific performance of this agreement, unless otherwise agreed to by the State. Notwithstanding the foregoing, in the event of a breach of this agreement, or any portion thereof, which is due to no fault and beyond the control of the Grantee to prevent, mitigate, or remedy, the State's sole remedy shall be the reimbursement of any funds advanced or paid that pertain to the breached term or terms of this agreement.

F. Hold Harmless

1. Grantee hereby waives all claims and recourse against the State including the right to contribution of loss of damage to persons or property arising from, growing out of or in any way connected with or incident to this agreement except claims arising from the concurrent or sole negligence of State, its officers, agents and employees.
2. The Grantee shall protect indemnify, hold harmless and defend State, its officers, agents and employees against any and all claims, demands, damages, costs, expenses or liability costs arising out of the acquisition, development, construction, operation or maintenance of the property described as the Project which claims, demands or causes of action arise

under Government code Section 895.2 or otherwise except for liability arising out of, and attributable to, the concurrent or sole negligence of State, its officers, or employees.

3. In the event State is named as codefendant under the provisions of Government Code Section 895 et seq., the Grantee shall notify the State of such fact and shall represent State in the legal action unless State undertakes to represent itself as codefendant in such legal action in which event the State shall bear its own litigation costs, expenses, and attorney's fees.
4. In the event of judgment against the State and the Grantee because of the concurrent negligence of the State and the Grantee, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction. Neither party shall request, and each party hereby waives its right to, a jury apportionment.

G. Financial Records

1. The Grantee shall retain all financial accounts, documents, and records for three (3) years from the expiration date of the Project agreement, or three (3) years from the start of an audit engagement, whichever comes first, and until an audit started during the three (3) years has been completed and a report published.

3. Use of the facilities shall comply with all applicable laws, including, but not limited to, the requirements for registration of all day use-vehicles with the Department of Motor Vehicles or identified under the Chappie-Z'berg Off-Highway Motor Vehicle Law of 1993.

I. Nondiscrimination

1. The Grantee shall not discriminate against any person on the basis of sex, race, color, national origin, religion, ancestry, or physical handicap in the use of any property or facility acquired or developed pursuant to this agreement.
2. The Grantee shall not discriminate against any person on the basis of residence except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence and pursuant to law.
3. All facilities shall be open to members of the public generally, except as noted under the special provisions of this Project agreement.

J. Application Incorporation

1. The Application and any subsequent change or addition approved by the State is hereby incorporated in this agreement as though set forth in full in this agreement.

K. Severability

1. If a provision of this agreement or the Application thereof is held invalid, that invalidity shall not affect other provisions or applications of the agreement which can be given effect without the invalid provision or Application, and to this end the provisions of this agreement are severable.

L. Governing Law

1. This agreement shall be construed in accordance with and be governed by the laws of the State of California. Any legal action arising out of the terms of this agreement shall take place in the county wherein the Project funded by this agreement is located.
