

**Note to Reviewers:**

There are two files here for comment; the Watershed Management Plan for Mill Creek and the draft road assessment report for Mill Creek by Merrill et al. They will be combined into a single report with the assessment as an appendix to the plan. The watershed plan needs a little more formatting and the page numbering is off where the 11x17 maps were inserted. If you have comments specific to a page number please refer your comments to the pages as numbered in the files you review.

**Comments:**

Please send comments and suggested revision to Patrick Vaughan at the following email:

**Review Deadline:**

We would appreciate having all comments by January 1, 2011.

**Questions:**

If you have questions, you can call State Parks Engineering Geologist Patrick Vaughan at (707) 445-6547, ext. 24.

Thank you.
