FORMAL TRAINING GUIDELINES

Welcome to formal training, an essential component in your career development.

Since 1969, our Department has been providing a continuously changing number of diverse training programs at its main training facility, the William Penn Mott Jr. Training Center, and other locations including the Marconi Conference Center. The Department strives to enhance your learning and job performance with formal training of the highest quality.

Our Department's dedication to training is only one aspect of its commitment to you and to the public. This commitment is costly and represents an important investment in you and your career. You and the Department realize a return on that investment by your positive participation in formal training itself and post training follow-through.

The program you will participate in is described in this training syllabus, which outlines what you can expect from this training and what is expected of you. This syllabus details what you should do before you leave for training; what to do when you arrive; what you will be doing while in training; and, importantly, what you should be able to do when you return to your work site. Specifically:

1. **SYLLABUS:** The syllabus is now accessible on the Employee Training Management System (ETMS). You should be able to print a copy of the syllabus to bring with you to class. Your copy of this syllabus is an important part of your training experience and should be brought with you to training. Read it before you arrive and review it following the program along with material you received at training
2. **PRE-TRAINING ASSIGNMENTS:** Your completion of pre-training assignments is essential to the success of your training. You are responsible for all reading assignments in preparation for classroom sessions. Time will be provided during working hours to accomplish any assignments which involve either individual or

group efforts and resources. (Pre-training assignments are listed in the “Training Attendance Requirements” section.)

3. TRAVEL: Arrange your travel to and from the training through your District Office. No reimbursement for travel expense – including per diem cost – will be approved for travel not specifically authorized in advance by the District Superintendent. Individuals may claim reimbursement for incidental expenses incurred as outlined in DAM 0410.6.
4. HOUSING: The Department provides your room and board expense, on a shared room basis, at the hotel only. No per diem allowance will be authorized for living off-grounds. This does not preclude living off-grounds at your own expense. In the event of an emergency, staff must know your room assignment; therefore, you may not switch rooms without staff approval. Overnight guests are not allowed in the rooms unless registered beforehand at the front desk. Check-in will be from 2:00 p.m. on the date of arrival. Check out 12:00 noon on the date of departure. Email will be sent with hotel directions.

Note: You may be assigned a room at a motel while attending training. If so, you may be asked to present a valid credit or debit card while checking in to your room. Many motels require a credit card to cover charges incurred such as telephone calls, damages to rooms and/or furnishings, fees to clean rooms that have been smoked in that are not designated as smoking rooms, etc. Be prepared to handle this appropriately.

5. **ENROLLMENT OR HOUSING CANCELLATION POLICY:** If you do not need lodging or must change or cancel your reservation, you must contact the Training Center at least 72 hours prior to your date of arrival. Lodging, registration and associated fees will be charged to the employee’s District Office if a training cancellation is received with less than 72 hours notice. The Training Section is committed to ensuring that the reservation that has been made for you is accurate and needed.

The Mott Training Center is committed to ensuring that the reservation that has been made for you is accurate and needed.

6. CLOTHING: Field uniforms as found in “Description of Required Field Uniforms”, DOM Chapter 2300, Uniform Handbooks, not including optional items, will be worn daily by all uniformed employees during formal training sessions **unless otherwise specified in the Program Attendance Checklist.** Non-uniformed employees shall wear apparel normally worn on the job. **It does not include such items as shorts, t-shirts, tank tops, or sandals.**

Because we are on the grounds with many other groups, and the image we project as State Park employees is important not only during working hours but off duty hours as well, your informal sportswear should be appropriate.

7. **REGISTRATION:** When you arrive at the Best Western in Chula Vista, go directly to the front desk for your room key.
8. **COURSE LEADERS:** The formal training you will attend is developed and, for the most part, conducted by experienced DPR employees in the field and staff positions. Some courses will be conducted by qualified instructors from other agencies and educational institutions. Your course leaders have proven their ability and knowledge in their presentation, and provide a level of expertise difficulty to match.
9. **TRAINING SECTION STAFF:** Aaron Wright is your Training Specialist and has been assigned responsibility for your training group. During the program, you may be asked to assist Training Section staff in the logistics of your training program (organizing field trip transportation, supervising classroom breaks, etc.). Training Section staff will do all within their power to make your training experience pleasant and meaningful.
10. **TRAINING MATERIALS:** Materials may be made available to you at both your unit and the Training Center. Handout materials issued at your unit should be brought to training for possible use. A conference binder or notebook may be issued to you at the training session for notes and convenience in handling materials. Bring your own pens, pencils, etc.
11. **ATTENDANCE:** Regular attendance is a critical course requirement and your participation is important for the success of this training. An absence of more than 10% of the course hours constitutes grounds for dropping a participant from the course. The Department Training Officer may modify (except for POST RBC) this requirement based upon participant knowledge level and/or the portion of the course missed. All absences, except those of an emergency nature, must be approved in advance by the Training Specialist.
12. **CELL PHONES:** As a courtesy to your fellow participants and course leaders please ensure that your cell phone is turned off during classes. Participants should not be receiving or making cell phone calls during class time. Please limit those calls to your breaks.
13. **TELEPHONE:** Limit phone calls during classroom hours to urgent business or emergencies. Anyone wishing to contact you by telephone during working hours should call (619) 691-6868.
14. **POST-TRAINING ASSIGNMENTS:** In connection with formal training, these are to be completed under the direction of your supervisor. See "Program Attendance Requirements" in this syllabus.

POST-TRAINING ASSIGNMENT

Prior to ninety days after the completion of this program, the employee and his/her supervisor should sit down and discuss the impact and assess the effectiveness this program has had on the employee. Then both the supervisor and employee should login to the Employee Training Management System (ETMS) and complete the Post-Training Evaluation form (an email will be sent to both employee and supervisor notifying them that the evaluation needs to be completed).

The post-training evaluation process is intended to provide a bridge between classroom instruction and the on-the-job application of training. The information obtained through this process will assist the training participant, supervisor, and Training Center in providing a return on the investment the Department has on training.
