Plaintiffs Bonnie Tucker, Peter Mendoza, California Council of the Blind, and Californians for Disability Rights (collectively, "Named Plaintiffs") and Defendants California Department of Parks and Recreation (the "Department"), Armando Quintero (in his official capacity as Director of the Department), and the State of California (collectively, "Defendants") hereby agree to resolve this action as follows:

RECITALS I.

- The Named Plaintiffs brought this lawsuit, Tucker v. California Department of Α. Parks and Recreation, Case No. C-984935 CRB (the "Federal Action"), on behalf of themselves and all others similarly situated against Defendants alleging that they have been denied their right to full and equal access to, and use and enjoyment of, the facilities and programs of the Department because of architectural and programmatic access barriers. Plaintiffs have pursued related state law claims and remedies in a parallel case filed in San Francisco Superior Court, Tucker v. California Department of Parks and Recreation, Case No. 99-302586 (the "State Action").
- B. Defendants deny any and all liabilities to the Named Plaintiffs and the Class, and deny that Defendants have violated any laws – federal, state, or local – pertaining to access for persons with disabilities at the Department's programs, services, activities, and facilities.
- C. The Department has developed a Self-evaluation and Transition Plan, pursuant to the Americans with Disabilities Act, for its programs, services, activities, and facilities, and has begun and intends to continue implementation of its Transition Plan.
- D. The Parties now desire to resolve their differences and disputes included in both the Federal Action and the State Action by settling the lawsuits in such a manner as to:
 - 1. Achieve improvements to architectural and programmatic access at the Department's programs, services, activities and facilities for persons with disabilities under both state and federal law;
 - 2. Assure that the Named Plaintiffs and the Class will not attempt to enforce, and the Department will not be subject to, conflicting standards regarding compliance with state and federal access laws; and

1		3.	Avoid the uncertainties and costs of further or future litigation for all	
2	Parties.			
3	II. DEFINITIONS			
4	A.	"Class"	or "Class Members" shall mean and refer to the class of persons	
5	described in Section VIII.A. below.			
6	В.	"Class C	Counsel" shall mean and refer to the law offices of Disability Rights	
7	Advocates	and the attor	rneys practicing therein.	
8	C.	"Consen	t Decree" shall mean and refer to this document.	
9	D.	"Defend	ants" shall mean and refer to Defendants California Department of Parks	
10	and Recreation, Armando Quintero or his successor (in his or her official capacity as Director of			
11	the Department), and the State of California.			
12	E.	"Departi	ment Facilities" shall mean and refer to all Department facilities including	
13	(1) all park units owned and/or operated by the Department, (2) all concessions operated at			
14	Department facilities, and (3) all park units which are owned by the Department but operated by			
15	various local entities.			
16	F.	"Fairnes	s Hearing" shall mean and refer to the hearing described in Section	
17	VIII.D.			
18	G.	"Final A	pproval" shall mean and refer to an order approving the Consent Decree	
19	after Noti	ce to the Class	s and the holding of a Fairness Hearing.	
20	Н.	"Level,"	"Priority Level," "Park Level," and "Trail Level" shall mean and refer to	
21	the priority level assigned to the park unit and/or trail under the Department's Transition Plan			
22	and/or Tra	ils Plan.		
23	I.	"Monito	r" shall mean and refer to the person or firm selected in Section V.	
24	J.	"Named	Plaintiffs" shall mean and refer to Bonnie Tucker, an individual, Peter	
25	Mendoza,	an individual	l, California Council of the Blind, an organization whose membership is	
26	comprised of persons who are blind or visually impaired in California, and Californians for			
27	Disability Rights, a non-profit organization whose membership is comprised of persons with			
28	disabilities in California.			

1	K.	"Notice" shall mean and refer to the notice described in Section IX.			
2	L. "Objection" shall mean and refer to any written objection submitted by any C				
3	Members described in Section VIII.C.				
4	M. "Outdoor Developed Areas Standards" shall mean and refer to the U.S. Access				
5	Board's Architectural Barriers Act Accessibility Guidelines - Outdoor Developed Areas,				
6	codified at 36 C.F.R. Ch. XI, Part 1191, which is available at http://www.access-				
7	board.gov/guidelines-and-standards/recreation-facilities/outdoor-developed-areas or				
8	https://www.	access-board.gov/aba/guides/chapter-10-outdoor/.			
9	N.	"Park Activity" or "Park Activities" shall mean and refer to all park-sanctioned			
10	regular activities, programs and/or special programs.				
11	O.	"Parties" shall mean and refer to Defendants, Named Plaintiffs, and Class			
12	Members.				
13	P.	"Persons with Disabilities" shall mean and refer to persons with disabilities as			
14	defined under the Americans with Disabilities Act ("ADA"), Section 504 of the Rehabilitation				
15	Act of 1973, and/or California Disability Access Laws (including, but not limited to, California				
16	Code §§ 51 and 54, et seq.).				
17	Q.	"Play Areas Standards" shall mean and refer to the Access Board Americans with			
18	Disabilities Act (ADA) Accessibility Guidelines for Buildings and Facilities – Play Areas,				
19	codified at 36 C.F.R. Ch. XI, Part 1191, which is available at https://www.access-				
20	board.gov/ab	a/guides/chapter-10-play-areas/.			
21	R.	"Preliminary Approval" shall mean and refer to the preliminary approval by the			
22	Court of the terms of this Consent Decree which shall occur prior to any Notice being provided				
23	in accordance	e with Section IX.			
24	S.	"Released Claims" shall mean and refer to those described in Section XI.			
25	T.	"Released Parties" shall mean and refer to those described in Section XI.			
26	U.	"Self-evaluation" shall mean and refer to the Department's Self-evaluation			
27	required pursuant to Title II of the Americans with Disabilities Act. The Self-evaluation is				
28	attached as Exhibit D.

V. "Settlement Period" shall mean and refer to the period of time described in Section III.

- W. "Supporting Facilities" shall mean and refer to facilities that serve the Park Activities defined above. Supporting Facilities include, but are not limited to, the park entrance, parking, path of travel, restrooms, telephones, drinking fountains, and signage, where such facilities are provided. Supporting facilities also include amenities provided by the Department's concessionaires operating under contract with the Department.
- X. "Trails Plan" shall mean and refer to the Department's Trails Plan for improving access to the Department's trails. The Trails Plan is attached as Exhibit C.
- Y. "Transition Plan" shall mean and refer to the Department's Transition Plan, required pursuant to Title II of the Americans with Disabilities Act. The Transition Plan is attached as Exhibit A.
- Z. "Work Plan" shall mean and refer to the Department's Work Plan for improving access to the Department's facilities. The Work Plan is attached as Exhibit B.

III. **SETTLEMENT PERIOD**

This Consent Decree shall become effective on the date of Final Approval. The terms of this Consent Decree shall expire on June 30, 2038, except that Plaintiffs or Defendants may petition the Court for an extension to the extent any of the improvements required under Sections IV.A., IV.K., IV.L., or IV.M.1. will not be completed within the Settlement Period. In deciding a disputed request for an extension, the Court may exercise its discretion, taking into account all relevant information (including whether a new concessionaire is hired or a new park unit is acquired so close to the end of the Settlement Period that extending the Consent Decree is inappropriate).

IV. **INJUNCTIVE RELIEF**

The following provisions are intended to provide injunctive relief.

Α. **Transition Plan Completion Schedule**

The Department shall schedule and complete the access modifications described in its Transition Plan (attached as Exhibit A hereto), including its Work Plan (attached as Exhibit B

- hereto) and Trails Plan (attached as Exhibit C hereto), and as detailed in its 2023 Proposed Work Plan Benchmarks (attached as Exhibit X hereto) and in other sections of this Consent Decree, according to the following schedule:
 - 1. <u>Level 1 Park Units</u> The access work at Level 1 park units shall be completed no later than June 30, 2026.
 - 2. <u>Level 2 Park Units</u> The access work at Level 2 park units shall commence no later than July 1, 2008 and be completed no later than June 30, 2032.
 - 3. <u>Level 3 Park Units</u> The access work at Level 3 park units shall commence no later than July 1, 2011 and be completed no later than June 30, 2038.
 - 4. <u>Level 4 Park Units</u> The access work at Level 4 park units shall commence no later than July 1, 2013 and be completed no later than June 30, 2038.
 - 5. <u>Level 1 Trails</u> The trail access work at Level 1 park units was completed by no later than June 30, 2018.
 - 6. <u>Level 2 Trails</u> The trail access work at Level 2 park units shall commence no later than July 1, 2007 and be completed no later than June 30, 2026.
 - 7. <u>Level 3 Trails</u> The trail access work at Level 3 park units shall commence no later than July 1, 2011 and be completed no later than June 30, 2035.
 - 8. <u>Level 4 Trails</u> The trail access work at Level 4 park units shall commence no later than July 1, 2012 and be completed no later than June 30, 2038.
 - 9. <u>Improved Access Trails</u> The trail access work for improved access trails at Level 1-4 park units shall commence no later than July 1, 2024, and be completed no later than June 30, 2038.

B. Access Standards

The Department has used and will continue to use the following accessibility standards in developing and implementing the Department's Self-evaluation, Transition Plan, Work Plan, and Trails Plan: Title 24 of the California Code of Regulations, the Americans with Disabilities Act Standards for Accessible Design, and the Architectural Barriers Act Accessibility Guidelines for Outdoor Developed Areas, Play Areas, and Public Right-of-Way. In the event of conflict

between any of these applicable standards, the Department will use the standard which applies and which provides the highest level of access. In conducting barrier removal work during the Settlement Period, the Department will comply with the above-referenced standards as they are in effect at the time the work is performed, subject to the exceptions process set forth in Section IV.D. To ensure that the Parties are utilizing the same standards, Class Counsel, the Department, and the Monitor will promptly notify each other in writing if they believe changes to these standards have occurred.

C. California State Parks Accessibility Guidelines

The Department will maintain and update the California State Parks Accessibility Guidelines ("Accessibility Guidelines") (attached as Exhibit E). The Department will notify Class Counsel in writing if the Accessibility Guidelines are updated and/or revised. Any revisions may not reduce the level of access set forth in this Consent Decree. If revisions are made which Class Counsel contends reduce the level of access set forth in this Consent Decree, Class Counsel may object that the revisions reduce the level of access set forth in the Consent Decree, and may initiate the dispute resolution process of Section VII. Any such objection shall be made in writing and within 60 days of receipt of those revisions.

D. Exceptions Process

- 1. In making access modifications to existing facilities, the Department need not correct existing facilities that are within the minor deviations listed on Exhibit F. In addition, Class Counsel and the Department may agree, in writing, to additional deviations at specific locations if those deviations are appropriate.
- 2. For any program, service, or activity where the Department believes that meeting current access standards would result in an undue financial or administrative burden or change the fundamental nature of the program, service, or activity, the Department will notify the Monitor and Class Counsel of the proposed exception as part of its Yearly Work List provided pursuant to Section VI.A.1. The notification shall be in a form acceptable to the Monitor and shall include the following information: (a) a list of the proposed exceptions; (b) the reason for each proposed exception; and (c) any proposed equivalent facilitation that the Department will

provide. In the event that the Department identifies a new proposed exception later in the year, the Department will provide the above notice to the Monitor and Class Counsel with its next semi-annual report pursuant to Section VI.A.3. The Monitor will, within 30 days of receipt of notification of a proposed exception, indicate in writing to the Department and Class Counsel whether or not she accepts the Department's proposed exception request, and she may also provide further comments. Class Counsel may, within 30 days after receipt of the Monitor's responses, review and comment on the proposed exceptions. Any such comment may include an objection to the Department's position, seeking compliance with the current access standards for such disputed exceptions. If there are any disputes as to these proposed exceptions, such dispute will be resolved through the dispute resolution process of Section VII.

E. Park Activities

22.

The Parties agree that all Park Activities have been and/or will be included in one or more of the 12 major activity categories listed in the Department's Transition Plan as follows: Bicycling, Boating, Exhibits/Interpretive Programs, Camping, Fishing, Hiking, Horseback Riding, Junior Lifeguards/Rangers, Off Highway Vehicle Use, Picnicking, Visitor Center/Museum, and Water Access.

F. Currently Accessible Activities

The Parties recognize that certain new construction and/or alteration work has already been completed in certain of the existing Department Facilities so as to improve and/or provide access. To the extent such Department Facilities are required to be accessible under the terms of this Consent Decree and the level of access provided by such earlier construction and/or alteration work does not meet the access standards otherwise required under this Consent Decree, additional barrier removal work will be conducted to bring such Department Facilities up to the required access standards.

G. Level 1 Parks

There are 37 Level 1 park units listed in the Department's Transition Plan (attached as Exhibit A). For each Level 1 park unit, the Department will make each Park Activity listed in the Transition Plan Appendix B, Program Matrix by Level, programmatically accessible utilizing

26

the legal standards of Section IV.B. and the exceptions process of Section IV.D., if applicable. In addition, the Department will make all Supporting Facilities for each such listed Park Activity, where such facilities are provided, programmatically accessible utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D.

H. **Level 2 and Level 3 Parks**

- 1. There are 54 Level 2 park units and 69 Level 3 park units listed in the Transition Plan. The Department will make each Park Activity listed in the charts entitled, "Transition Plan Programs, Level 2 Parks- Major Activities" (attached hereto as Exhibit G) and "Transition Plan Programs, Level 3 Parks - Major Activities" (attached hereto as Exhibit H), programmatically accessible utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D. These Park Activities have been selected for accessibility work because they represent the highest usage and are the primary reason visitors go to the particular park.
- 2. The Department will also make all Supporting Facilities for each of the selected Level 2 and Level 3 activities, where such facilities are provided, programmatically accessible, utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D.
- 3. The Department will make the visitor centers at all Level 2 and 3 parks programmatically accessible, utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D., except for the visitor center facilities at Castle Crags, Montana de Oro, and Prairie Creek, which are small, open only on a limited basis, and which have staff available to provide assistance.
- 4. Wherever a campfire center is provided as a significant Park Activity within a Level 2 or 3 park unit, the Department will make the campfire center programmatically accessible, utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D.
- 5. The Department will make the camping program at Mt. Diablo State Park programmatically accessible, utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D.

28

I. <u>Level 4 Parks</u>

- 1. There are 75 Level 4 park units listed in the Transition Plan. These are the least visited of the state parks, currently representing only about 4% of the annual visitation. The Department will make each Park Activity listed in the chart entitled, "Transition Plan Programs, Level 4 Parks" (attached hereto as Exhibit I) programmatically accessible, utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D.
- 2. The Department will also make all Supporting Facilities for each of the selected Level 4 activities programmatically accessible, where such facilities are provided, utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D.

J. Park Level Changes

The Parties agree that no Park Level changes are anticipated. However, if in the future the Department wishes to change a Park Level so as to reduce the level of access, the Park Level for another park unit will promptly be increased so as to maintain the overall level of access agreed upon herein. The Department will notify Class Counsel and the Monitor of any future proposed Park Level changes as part of the Yearly Work List and/or in the Department's semi-annual reports pursuant to Section VI.A.

K. Locally Operated Parks

- 1. There are currently 27 park units owned by the State of California which are operated entirely by local entities. These kinds of park units and their operating entities are referred to in this section as "Locally Operated Parks." The Parties agree that Locally Operated Parks will be addressed as follows.
- 2. The Department has assigned a priority level to each of the Locally Operated Parks. A list of the Locally Operated Parks and their assigned priority levels is attached hereto as Exhibit J.
- 3. Within 30 days of Final Approval, the Department will send a letter in substantially the same form as Exhibit T (and attaching a copy of the Consent Decree) to each of the Locally Operated Parks, informing each local entity that it may participate in the Consent

9

23

24

25

26 27

28

Decree. It is the intent of the Parties to urge the Locally Operated Parks to participate fully in the Consent Decree on the conditions set forth in this section.

- 4. Each Locally Operated Park may participate in this Consent Decree if it meets the following conditions:
 - The Locally Operated Park must, within six months of the Department's mailing of the letter under Section IV.K.3. (or as may be extended by written agreement of Class Counsel and the Department), provide to the Department and Class Counsel a self-evaluation and transition plan, as required by the Americans with Disabilities Act, covering all programs, services, and activities provided in the Locally Operated Park. To meet this condition, the Locally Operated Park's self-evaluation and transition plan must: (i) be of equivalent scope and detail as the Department's Self-evaluation and Transition Plan (taking into account the differing sizes, scope, and nature of activities of the Locally Operated Park and the Department); (ii) utilize the same access standards as used in the Department's Self-evaluation and Transition Plan; and (iii) provide for an equivalent level of access concerning the programs, services, and activities at the Locally Operated Park as is provided at park units in the same priority level which are operated by the Department itself.
 - b. The Locally Operated Park's transition plan must provide a timeline for barrier removal at the Locally Operated Park which coincides with the Department's timeline for the priority level assigned to the Locally Operated Park. However, Locally Operated Parks assigned to Level 1 will have one additional year to complete programmatic access modifications beyond the Department's Level 1 completion schedule for state park units operated by the Department.
 - The Locally Operated Park must also adopt and implement policies and c. procedures to ensure program access equivalent to the policies and procedures that have been adopted by the Department for state park units operated by the Department itself (as described in the Department's Transition Plan).

- d. The Locally Operated Park must implement its transition plan.
- e. The Locally Operated Park must fully assume the Department's reporting and monitoring obligations for that Locally Operated Park, as set forth Section VI of this Consent Decree. The Locally Operated Park must timely provide to the Department a copy of all reports and other documents submitted pursuant to Section VI of this Consent Decree.
- 5. For those Locally Operated Parks that seek to participate in this Consent Decree, the Department agrees to use its reasonable best efforts to provide guidance and oversight in determining the access modifications which will be completed at such Locally Operated Parks, and will use its reasonable best efforts to confirm actual completion of the access modifications.
- 6. Any Locally Operated Park's costs of compliance (with this Consent Decree or the underlying standards), including any monitoring or consulting costs of the Monitor, shall be the Locally Operated Park's expense, not the Department's expense.
- 7. Those Locally Operated Parks which comply fully with the provisions set forth above will be entitled to the benefits of the releases set forth in Section XI below. However, any Locally Operated Park that fails to provide a self-evaluation and transition plan within six months of the Department's mailing of the letter under Section IV.K.3. (or as extended by written agreement of Class Counsel and the Department) will be deemed to be excluded from this Consent Decree. In addition, if Class Counsel determines, at any time during the Settlement Period, that a particular Locally Operated Park has not complied fully with the provisions of Section IV.K.4., such Locally Operated Park will not thereafter be a part of this Consent Decree and neither the Department nor the non-Department entity operating the Locally Operated Park will be entitled to the benefits of the releases set forth in Section XI below. Class Counsel will notify the Department and the Locally Operated Park promptly after any such determination of non-compliance. Within 14 days of such notification, the Department or the Locally Operated Park may request that the Parties and the Locally Operated Park meet and confer regarding any dispute. Any determination by Class Counsel will not be final until the Parties and the Locally

Operated Park have met and conferred (and, as appropriate, included the Monitor in any such discussions), which will occur within 30 days, at the latest.

L.

- 1. The Parties agree that all concessions and Supporting Facilities will be made programmatically accessible, as detailed in this Section. The criteria for compliance will be the legal standards of Section IV.B. and the exceptions process of Section IV.D. (except that the exceptions process of Section IV.D. will not apply to new concessions as described in Section IV.L.3.). A list of the concessions, including one state park unit which is owned by the Department, but operated by concessions (Brannan Island), is attached hereto as Exhibit K.
- 2. Existing concessions – The Department agrees to make reasonable, good faith efforts to ensure that the concessionaire achieves compliance with all deliberate speed.
- 3. New concessions – For a new concession in a new facility or a new concession in an existing facility which involves a change in use for the facility, the Department will ensure that each such concessionaire achieves compliance by the time such concessionaire begins operation.
- 4. Existing concessions which may come under new operation – The Department will make its best efforts to ensure that the new concessionaire achieves compliance within a reasonable time, not to exceed one year unless Class Counsel and the Department otherwise agree in writing. For the Mexican Commercial Corner concession at Old Town San Diego and the Big Sur Lodge concession at Pfeiffer Big Sur State Park, the Department will make its best efforts to ensure that any new concessionaires achieve compliance as set forth in the Requests for Proposals dated March 13, 2003 and September 29, 2003, respectively.
- 5. Privatization of a current state function - For any existing state-operated program, service, activity, or facility which may in the future become operated as a concession but which involves no change in use of the facility, the Department will ensure that the concessionaire achieves compliance pursuant to the existing Transition Plan and the completion schedule for the park unit.

28

6. Brannan Island State Recreational Area which is currently operated entirely as concessions will be addressed under the Transition Plan in the same manner as the other concessions as discussed above.

M. New Parks and/or New Construction

- 1. New Parks - Should the Department acquire a new park unit, within a reasonable time (taking into account factors such as when the new park unit is or will be open to the public and when the Department will determine the uses of the new park unit) after the Department acquires that park unit, the Department will: (a) comprehensively survey that new park unit for access for persons with disabilities to the same degree as other state park units, unless a comparable and up-to-date survey has already been completed; (b) prepare a transition plan comparable to the Department's Transition Plan for such new park unit, unless a comparable transition plan has already been completed; (c) assign a reasonable priority level to the new park unit according to the criteria used in the Transition Plan; and (d) remove barriers at the new park unit according to a reasonable timeline taking into account the park unit's priority level and the date when the Department obtains control over the new park unit. The Department will provide notification to the Monitor and Class Counsel regarding any new parks in its Yearly Work List and in its semi-annual reports pursuant to Section VI.A.
- 2. New Construction - All new construction undertaken by the Department, including at concessions, will conform with the applicable access standards of Section IV.B. Such new construction will be subject to all of the otherwise applicable provisions of this Consent Decree. The Department will make its best efforts to report in its Yearly List and in its semi-annual reports any major new construction and renovation projects with a total estimated construction cost of \$500,000 or more which have not otherwise been reported. New construction at locally operated parks is not included within the scope of this Consent Decree.

N. **Trails Plan**

The following section defines the Department's obligations to provide programmatic access for the programs, services, and activities of hiking and trails, and supersedes any contrary provisions.

22.

- 1. <u>Level 1 Parks</u> At Level 1 parks that currently have three or more trails (excluding off-highway vehicle park units that do not have pedestrian trails), the Department will provide at least three accessible trails as follows: (a) one accessible trail will be at least 1.5 miles long, and (b) two additional accessible trails will be at least .5 miles long.
- 2. <u>Level 2 Parks</u> At Level 2 parks that currently have two or more trails, the Department will provide at least two accessible trails as follows: (a) one accessible trail will be at least one mile long, and (b) one additional accessible trail will be at least .5 miles long.
- 3. <u>Level 3 Parks</u> At Level 3 parks that currently have at least one trail, the Department will provide at least one accessible trail which is at least .5 miles long.
- 4. <u>Additional Trails at Level 2 and 3 Parks</u> In addition to Sections IV.N.2. and IV.N.3., the Department will provide an additional accessible trail which is at least one mile long at 38 Level 2 and/or Level 3 parks.
- 5. <u>Level 4 Parks</u> At Level 4 parks that currently have at least one trail, the Department will provide at least one accessible trail that is .25 miles long.
- 6. <u>Selection of Trails</u> In selecting trails to be made accessible under the Trails Plan, the Department will make its reasonable best efforts to maximize the variety and quality of the outdoor experience offered to trail users with disabilities. Other than any necessary reconfiguring of existing trails to make them accessible, nothing in this Consent Decree shall require the Department to build or otherwise create any new trails.
- 7. <u>Website</u> The Department will provide information on its website that describes the type of trail experience provided at each accessible trail and the location of the nearest accessible restroom.
- 8. <u>Easy Fixes to Trails</u> In addition to the above, the Department agrees to make reasonable and good faith efforts to remove easily-removable barriers as they are identified on additional trails where such efforts will improve access. The Parties will meet and confer regarding such areas as appropriate.
- 9. <u>Signage</u> The Department shall ensure that all future new and altered trail signage will meet applicable code requirements for access for persons with vision disabilities.

- 10. <u>Cross Slopes</u> The Department will make its best efforts to minimize cross slopes at culverts on accessible trails.
- 11. <u>Improved Access Trails</u> In addition to the above, for Level 1, 2, 3, and 4 parks, the Department shall evaluate all parks to determine if an additional trail or a portion of a trail can be modified to provide improved access to persons with disabilities according to the terms of the Acceptable Deviations to the 2013 Outdoor Developed Areas Amendments to the Architectural Barriers Act Accessibility Guidelines (attached as Exhibit W hereto).

O. Maintenance of Access Features

The Department will use its best efforts to ensure that access features are maintained in usable condition. The Department will: (1) schedule ongoing, regular inspections of access features at all park units, and (2) promptly repair access features. These inspections and repairs may be performed as part of the Department's regular maintenance program.

P. <u>Miscellaneous Departmental Access Policies</u>

The Department will comply with the six policies listed below, and will distribute the Special Events Checklist to all appropriate Department staff. The policies and checklist listed below will be summarized in the Accessibility Guidelines in the appropriate chapter relating to the subject matter of each policy. The Department will also maintain and update these policies and checklist, and will notify Class Counsel in writing if any of them are updated and/or revised. If revisions are made which Class Counsel contends reduce the level of access set forth in this Consent Decree, Class Counsel may object that the revisions reduce the level of access set forth in the Consent Decree, and may initiate the dispute resolution process of Section VII. Any such objection shall be made in writing and within 60 days of receipt of those revisions.

- 1. <u>Accessibility & Historic Properties Policy</u> Attached as Exhibit L;
- 2. <u>Accessible Campsites Policy</u> Attached as Exhibit M;
- 3. Sign Language Interpreter Policy Attached as Exhibit N;
- 4. Accessibility and Publications Policy Attached as Exhibit O;
- 5. <u>Complaint Policy</u> Attached as Exhibit P. The Department will maintain a link on the Department's website allowing for park users to make comments and complaints. This

link will be maintained on the Accessibility Division's home page. The Department will forward any complaints received (with redaction of personal identification information) to the Monitor as part of the Department's monitoring reports pursuant to Section VI.A.

6. <u>Special Events Checklist</u> - Attached as Exhibit Q. The Department will provide the Special Events Checklist to all coordinators of special events at park units.

Q. Miscellaneous Provisions

- 1. Access to Beaches and Shores – Where beach access is designated as a Park Activity that will be made accessible under the Transition Plan, the Department will provide a path of travel to the beach and/or shore utilizing the legal standards of Section IV.B. and the exceptions process of Section IV.D. In addition, at those locations, the Department will provide at least 2 beach wheelchairs, unless (a) there are no staff or facilities at the park unit reasonably available to store and supervise the use of the beach wheelchairs, and/or (b) the slope conditions at the park unit make use of beach wheelchairs hazardous. In addition, if the use of beach wheelchairs increases such that additional beach wheelchairs are necessary to accommodate such need, more beach wheelchairs will be provided contingent upon the reasonable availability of adequate storage and supervision for the wheelchairs. The Department will make reasonable, good faith efforts to provide such beach wheelchairs with all deliberate speed and within two years of Final Approval. The Department will also provide information regarding its provision of beach wheelchairs in its reporting pursuant to Section VI. The above policy information will be included in the Accessibility Guidelines in the appropriate chapter relating to beach and/or water access. The Department shall commit to maintain and update the above policy, and will notify Class Counsel in writing of any update and/or revision. If revisions are made which Class Counsel contends reduce the level of access set forth in this Consent Decree, Class Counsel may object that the revisions reduce the level of access set forth in the Consent Decree, and may initiate the dispute resolution process of Section VII. Any such objection shall be made in writing and within 60 days of receipt of those revisions.
- 2. <u>Website</u> The Accessibility Division of the Department's website as well as the link on the Department's home page to the Accessibility Division will be maintained.

they are not covered by the Transition Plan and the Consent Decree.

Ranger Stations – To the extent that Ranger Stations are not open to the public,

4. Reservations – The Parties agree to the following campsite reservation policies:

Many park units allow for advance reservations, either by phone or via the internet up to six months prior to date of arrival. Designated accessible campsites and other overnight facilities are identified for the person interested in making a reservation. Anyone attempting to reserve an accessible campsite or overnight facility must claim to have a disability. The Department requires that its accessible campsites and overnight facilities be reserved exclusively for persons with disabilities. In order to preserve the use of accessible sites and facilities by visitors with disabilities, the Department requires that individuals reserving those sites or facilities possess and display a valid Disabled Discount Pass issued by the California Department of Parks and Recreation, a disabled person or disabled veteran's parking placard or license plates issued by the California Department of Motor Vehicles, or similarly-reliable documentation of the need for an accessible campsite or facility that has been issued by a governmental entity. Upon arrival at the park, visitors must display one of the forms of acceptable documentation of disability identified above, and the person to whom the documentation is assigned must be an occupant of the accessible campsite or overnight facility during the entirety of the stay at the reserved site. Accessible campsites or overnight facilities available by advance reservation will be held for people with disabilities until 5:00 p.m. each day. If an accessible campsite or overnight facility is not filled by 5:00 p.m. each day, that campsite or overnight facility may also be provided first-come-first-served to a person without a disability for one night only; this process repeats each day.

b. At other park units, the campsites may not be reserved in advance. At these park units, the accessible campsites are held for persons with disabilities (with valid documentation, as described in Section IV.Q.4.a.) on a first-come-first-served basis until 5 p.m. each day. If an accessible campsite is not filled by 5:00 p.m. each day, that

 campsite may also be provided first-come-first-served to a person without a disability for one night only; this process repeats each day.

- c. The Department will maintain and update the above campsite reservation policies, and will notify Class Counsel in writing of any update and/or revision. If revisions are made which Class Counsel contends reduce the level of access set forth in this Consent Decree, Class Counsel may object that the revisions reduce the level of access set forth in the Consent Decree, and may initiate the dispute resolution process of Section VII. Any such objection shall be made in writing and within 60 days of receipt of those revisions.
- d. Information regarding the Department's camping reservations policies affecting access will be posted on the Department's website and on any website used by the Department for reservations for campsites, overnight facilities, or activities, whether the website is owned and operated by the Department or owned or operated by a contracted third-party. Information concerning the above-described reservation policies will be included. In addition, the website will recommend that persons with disabilities should always call the State Park District for the individual park unit in advance for the most current access and reservation information.
- e. Any website used by the Department for reservations for campsites, cabins, or activities (including any web or mobile applications used by the Department for this purpose) (collectively, "reservation website"), whether owned and operated by the Department or owned or operated by a contracted third-party, shall comply with the accessibility and usability standards for people who are blind or low vision set forth by the United States government in the regulations for Section 508 of the Rehabilitation Act or, if a higher standard, the accessibility standards set forth by the California government in its laws or regulations (collectively, "Applicable Accessibility Standards").
- f. When the Applicable Accessibility Standards are amended, the

 Department shall have one year from the effective date of the changed requirement to

 update the reservation website for compliance with any amended Applicable

8

1112

14

15

13

2627

28

Accessibility Standards, unless the Department's ability to modify the website is limited by the terms of an existing contract. If the Department's ability to modify the reservation website for compliance with the amended Applicable Accessibility Standards is limited by the terms of an existing contract, any new contract or extension or renewal of the existing contract shall require the updating of the reservation website in accordance with this paragraph.

The Department will ensure that current and future versions of its g. reservation website are evaluated for compliance with Applicable Accessibility Standards. At least once a year, the Department shall conduct manual usability testing and automated accessibility testing to confirm that the reservation website complies with Applicable Accessibility Standards. Manual usability testing shall be conducted by testers who are blind and testers who have low vision. If the Department and/or contracted third party make any updates that may reasonably affect the ability of persons with visual impairments to use the reservation website, these updates will be evaluated for compliance with Applicable Accessibility Standards prior to the public rollout of such updates. After the completion of any accessibility evaluation described herein, the Department shall use its best efforts to ensure that any accessibility barriers identified are remedied, in a timely manner, to the maximum extent feasible. The Department will provide the Class Counsel with regular updates regarding such remediation efforts, including the anticipated time of completion. If the Department's ability to comply with this paragraph is limited by the terms of an existing contract, the Department will ensure that any new contract or extension or renewal of the existing contract requires compliance evaluations in accordance with this paragraph.

h. The Department shall maintain a reservation call center. During the Department's regular operating hours, all call center representatives shall be able to assist customers with disabilities with placing or cancelling reservations, and trained to answer accessibility-related questions regarding the lodging accommodations or recreational activities for which they offer such assistance to persons without disabilities. Information

regarding this reservation call center shall be posted in an accessible format on the reservation website's home page, "Contact Us" page, "FAQ" page, and any other relevant pages of the Department's website concerning reservations for campsites or overnight facilities.

i. Notwithstanding Section VII, any dispute regarding the reservation website's compliance with Applicable Accessibility Standards, including the usability of this website, shall be resolved as follows:

1. Notice

Step One: The Party that wishes to initiate the dispute resolution process shall notify the other Parties in writing of the nature of the dispute. Such notification shall include a reasonable explanation of the legal and factual bases for the Party's position, so that it can be understood and investigated. If another Party believes this explanation is insufficient, that Party's remedy is to request a fuller explanation, not to contest the triggering of the dispute resolution process.

2. Meet and Confer

Step Two: Counsel for the Parties shall meet and confer within 30 days of notification of the dispute pursuant to Section IV.Q.4. to attempt to resolve the dispute without further involvement by any intermediary. The Parties will allow reasonable time (for example, 30 to 60 days) to attempt to resolve the dispute without the need to proceed further in the dispute resolution process.

3. Selection of Web Access Consultant

Step Three: If the Parties are unable to resolve the dispute without a third-party intermediary, then the Parties shall endeavor to jointly select

a person or firm to operate as a Web Access Consultant no later than 60 days after the parties determine that the meet and confer process in Step Two has not resolved the matter. Each Party shall submit to the other Parties in writing their recommendation for the appointment of a Web Access Consultant to assess the compliance of the website with Applicable Accessibility Standards. The Parties shall then agree upon the selection of one of the proposed experts. If the Parties are unable to agree upon the selection of a Web Access Consultant, then the counsel for the Parties shall seek resolution of this dispute by the Court.

4. Dispute Resolution by Magistrate Judge

Step Four: If the Parties are unable to agree upon the selection of Web Access Consultant, counsel for the Parties will submit the matter to the assigned magistrate judge for formal resolution. The Parties may each submit to the Court the names and qualifications of up to three proposed Web Access Consultants. Thereafter, the Parties shall have up to 14 days to submit comments to the magistrate judge concerning any or all of the proposed consultants, and the magistrate judge shall thereafter select a Web Access Consultant from the names provided. If, at any time the Web Access Consultant is unable to serve, the Parties shall make a good faith effort to promptly agree on a replacement. If they are unable to agree within 30 days, replacement candidates may be submitted to the magistrate judge for selection, using the same process described above.

5. Work to Be Performed by Web Access Consultant

Step Five: The selected Web Access Consultant shall use generally accepted methods of automated and manual testing to assess the

compliance of the website with Applicable Accessibility Standards.

Testing shall include the use of manual usability testing by testers who are blind or have low vision, as applicable. The Web Access Consultant shall prepare a report to the Parties from the result of their work within no more than 90 days after the Web Access Consultant has been selected by the magistrate judge, subject to a commensurate addition of time caused by any delay in the Department's process of contracting with the Web Access Consultant or an extension of time granted by stipulation of the Parties or at the discretion of the magistrate judge.

6. Remediation of Website

Step Six: If the Web Access Consultant finds that the Department's reservation website does not comply with Applicable Accessibility Standards, as defined above, then the Parties shall meet and confer on a timeline for remediation of the reservation website so that it becomes compliant. If the Parties are unable to agree upon a timeline or if remediation is not completed within the agreed-upon timeline, counsel for either of the Parties may submit the matter to the assigned magistrate judge for mediation or formal resolution.

7. <u>Submission to Court</u>

Step Seven: If a dispute between the Parties still has not been resolved, counsel for the Parties will submit the matter to the assigned District Judge for formal resolution.

8. Fees and Costs for Dispute Resolution

Reasonable fees and costs by counsel for the Parties incurred under this section may be claimed and recovered pursuant to the standards set forth

in Section VII.E, with the exception that if the Web Access Consultant finds that there is no violation of Applicable Accessibility Standards, as defined above, Class Counsel shall compensate the Department for half of the costs of the Web Access Consultant for any work conducted pursuant to this Section. Otherwise, the Department shall compensate the Web Access Consultant for any work conducted pursuant to this Section.

- 5. <u>Hunting</u> Based upon the Department's contention that: (a) hunting is not a Park Activity sponsored by the Department of Parks and Recreation, and (b) hunting, including access to hunting, is the responsibility of the California Department of Fish and Game, the Parties agree that this activity is not included in the Department's Transition Plan or this Consent Decree.
- 6. <u>Policy Review</u> The Department will review and revise, as necessary, the Department's written policies regarding reservations, fees, field operations, concessions, and maintenance to ensure access in compliance with the requirements of this Consent Decree.
- 7. <u>Electricity at Campsites and Picnic Sites</u> The Department will add information to its website listing those park locations where electricity is available.
- 8. <u>Emergency Procedures</u> The Department will include information regarding emergency procedures affecting disabled persons at the park units in its self-evaluation.
- 9. <u>Captioning of Videos</u> For videos that the Department shows to the public, the Department will: (a) caption any new videos; and (b) within 15 months of Final Approval, provide scripts for and caption any existing videos. At any location where the Department shows a closed captioned video, the Department will ensure that staff at that location are trained in how to operate the closed captioning.
- 10. <u>Portable Toilets</u> If a portable toilet is available that meets the standards set forth in Section IV.B. and is reasonably functional, when the Department purchases portable toilets that are meant to be accessible, it will only purchase these fully accessible portable toilets. The Parties agree that the portable toilet Satellite Freedom 2 (with the 68 gallon tank) fully meets the standards set forth in Section IV.B. and is reasonably functional. In meeting the applicable

requirements for the number of accessible portable toilets at particular locations, the Department

may utilize portable toilets that it already owns that meet the federal Americans with Disabilities

8

Act Access Guidelines but may not fully meet Title 24 of the Code of California Regulations. 11. Kitchens – When the Department replaces appliances and/or equipment in kitchens open for public use, it shall install appliances and/or equipment that have access features, including tactile signage and controls, that enable users with mobility, vision, and

extent they are available on the market or can be readily modified at a reasonable expense.

hearing impairments to independently and safely use such appliances and/or equipment, to the

12. Grills, Fire Rings and Fireplaces – Accessible grills, fire rings and fireplaces shall be placed so there is a minimum 48 inches clear space 360 degrees surrounding the cooking facility. In accessible developed campground sites and picnic areas where paving is or is to be installed, a firm-surfaced warning area shall be provided around the grill, fire ring or fireplace to alert blind and visually impaired persons to the location of the grill, fire ring or fireplace. This warning surface will have a minimum depth of 24 inches and shall provide clear visual contrast from the immediate adjoining surfaces. The Department shall use as guidance all applicable codes (including ADAAG and Title 24) as well as existing research on detectable warnings in developing the design to ensure that it is detectable. The Parties agree: (i) prior to the initial design stage, there will be a joint site visit by the parties to a typical campsite in order to determine the needs and what has to be done for the detectable warning to be effective; (ii) a prototype of a proposed design will then be constructed by the Department at a typical campground site; (iii) within thirty (30) days, the Parties will jointly inspect the prototype; (iv) if the prototype is satisfactory to all Parties, then it will be used as the design model for other accessible grills, fire rings and fireplaces; (v) if the prototype is not acceptable to all Parties, then alternative prototypes will be evaluated using the same process described herein in items (i) through (iv) until a prototype acceptable to all Parties is identified. This process will be followed to reach an agreed upon design within the first year following approval of the consent decree. If the Parties are unable to agree on a design, either Party may initiate the "Dispute Resolution" process of Section VII herein.

- 13. <u>Fire & Service Roads</u> In addition to altering existing trails for access improvements, the Department will evaluate existing fire and service roads for the potential to be used for low gradient hiking activities with minimal obstacles. To be considered, existing fire and service roads must have, or must be reasonably capable of developing, the following:
 - Space near the trailhead for parking unless an ADA-compliant parking area is already present, or the road can be reached from an accessible trail or other outdoor recreational access route;
 - Pedestrian access through or around a road gate, unless the fire or service road can be accessed from an existing accessible trail or outdoor recreational route;
 - Receives regular fire or service road maintenance activity; and
 - Provides visitor experience benefit.

R. Year One List

The Department commenced certain access projects during fiscal year 2002/2003. These projects are referred to as the "Year One List" and are included within the year one work. The Year One List is attached as Exhibit R.

V. MONITOR

To assist in ensuring compliance with this Consent Decree, the Department has hired and/or will hire, consistent with State contracting requirements, a person or firm with substantial experience in evaluating and/or assisting public entities in evaluating the accessibility of programs, services, activities and facilities under Title II of the Americans with Disabilities Act (the "Monitor"). The Monitor shall be a person or firm acceptable to Class Counsel and the Department. The firm hired as a facilitator under Court's Order for Stay (filed June 22, 1999), Moore Iacofano Goltsman Inc., shall be acceptable to the Parties. If the Parties are unable to agree on a Monitor, the Parties shall seek mediation or the assistance of the Court in a settlement conference. If the Parties still are unable to agree on the selection of a Monitor, they shall tender the issue to the Court and the Court shall determine the appropriate means of selection of a Monitor consistent with this Consent Decree.

VI. REPORTS, MONITORING AND ENFORCEMENT

A. Reports

22.

The Parties agree to the following reporting under the Consent Decree:

- 1. Each fiscal year, the Department shall provide to Class Counsel and the Monitor a detailed Yearly Work List of the access work that it proposes to engage in that fiscal year pursuant to the timeline set forth in the Transition Plan. The Yearly Work List will be provided in July of each year and will also include any significant developments that may cause delays or problems in timely completion of projects listed in the Yearly Work List and what efforts the Department has made or plans to make to mitigate the delays.
- 2. The Department shall provide to Class Counsel and the Monitor semi-annual written reports in January and July of each year as to access work performed in the last six months. The semi-annual report will also include: (a) a spreadsheet showing cumulative progress towards programmatic access for each park level; (b) an assessment of the Department's progress in completing the Transition Plan items for each park level; (c) any new proposed exceptions, pursuant to Section IV.D.2.; (d) any new proposed Park Level changes, pursuant to Section IV.J; (e) any planned new parks and/or new construction (costing over \$500,000), pursuant to Section IV.M.; (f) any new complaints received regarding the maintenance of access features done pursuant to Section IV.O.; and (g) any access complaints received by the Department pursuant to Section IV.P.5.
- 3. The Monitor will review (i) the Yearly Work List and (ii) the semi-annual reports' spreadsheet showing cumulative progress towards programmatic access and, within 30 days of receipt of the relevant document, will provide comments to the Parties concerning: (a) its conformance with the Parties' written agreements, and (b) its representing reasonable and consistent semi-annual progress towards achieving the access improvements detailed in the Transition Plan and Trails Plan as set forth in both the schedule pursuant to Section IV.A. and the Department's 2023 Proposed Work Plan Benchmarks, contained in Exhibit X.
- 4. The Monitor shall perform spot-checks of 5% of the access improvement projects reported in the semi-annual reports to confirm the accuracy and comprehensiveness of the

12

13

14

15

16 17

18

19

20 21

22

23

24 25

26

27

28

reports. The Monitor shall provide the Parties with semi-annual reports in June and December of each year as to the results of the spot-checks.

- 5. The Department shall review the Monitor's semi-annual reports as to the result of the spot-checks and will provide, within 45 days of receipt of those reports, a written response to the Monitor and Class Counsel. That written response will address any concerns, questions, or recommendations raised by the Monitor in its spot-check semi-annual reports.
- 6. Any objections that Plaintiffs may have to any of the reports (or the underlying information) provided pursuant to this Section must be provided in writing within 60 days of receipt by Class Counsel of those reports.
- 7. The Department will make its reasonable best efforts to make these reports available in alternate formats upon request, consistent with 28 C.F.R. § 35.160.

B. **Monitoring**

In conjunction with Class Counsel's monitoring of the Consent Decree, the Department will pay Class Counsel its reasonable fees and costs of up to \$20,000 per year commencing on the date of Final Approval and continuing during the Settlement Period. Class Counsel will submit written records of fees and costs to the Department quarterly. The Parties may meet and confer regarding monitoring fee and/or cost issues. In the event that a dispute arises regarding monitoring fees, the Parties will proceed under the dispute resolution process of Section VII.

DISPUTE RESOLUTION VII.

Any dispute concerning interpretation, implementation, and/or compliance with this Consent Decree shall be resolved as follows:

A. **Notice**

Step One: The Party which wishes to initiate the dispute resolution process shall notify the other Parties in writing of the nature of the dispute. Such notification shall include a reasonable explanation of the legal and factual bases for the Party's position, so that it can be understood and investigated. If another Party believes this explanation is insufficient, that Party's remedy is to request a fuller explanation, not contest the triggering of the dispute resolution process.

B. Meet and Confer

Step Two: Counsel for the Parties shall meet and confer within 30 days of notification of the dispute pursuant to Section VII.A., to attempt to resolve the dispute without further involvement by any intermediary. The Parties will allow reasonable time (for example, 30 to 60 days) to attempt to resolve the dispute without the need to proceed further in the dispute resolution process. If the Parties are unable to resolve the dispute without assistance, the Parties shall confer with the Monitor as a part of this meet and confer effort before proceeding further in the dispute resolution process.

C. Mediation

Step Three: If the dispute has still not been resolved, counsel for the Parties will request that the Court refer the matter to a Magistrate Judge for mediation.

D. <u>Submission to Court</u>

Step Four: If the dispute has still not been resolved, counsel for the Parties will submit the matter to the Court for formal resolution.

E. Fees and Costs for Dispute Resolution

Reasonable fees and costs incurred under this section may be claimed and recovered by the prevailing party pursuant to the standard set forth in *Christianberg Garment Co. v. EEOC*, 434 U.S. 412 (1978).

F. <u>Timing of Dispute Resolution</u>

The Parties agree that, if access work scheduled by the Department is delayed by time spent by the Parties in the dispute resolution process, the time deadlines for that access work shall be extended a commensurate period of time. No such extension shall be provided to the extent the Parties were engaged in the dispute resolution process to resolve a dispute over whether the Department was meeting its obligations on time.

VIII. APPROVAL AND CLASS CERTIFICATION

A. Certification of a Settlement Class

The Parties stipulate to class certification at the time of the Fairness Hearing of a settlement class as follows:

All persons with physical disabilities, including hearing, mobility and vision disabilities, who allege they have been denied or are being denied access to California State Parks due to alleged disability access violations.

3

The Parties further stipulate that class certification shall not provide for a right to opt out of the Class.

5

These stipulations are contingent upon the Court granting Final Approval of the Consent Decree, and shall not be binding or of any consequence if Final Approval is not granted.

67

B. <u>Joint Approval Action</u>

8

9

The Parties shall jointly move for an order granting Preliminary Approval of this Consent Decree, directing Notice to the settlement class as described in Section IX., and setting a hearing for Final Approval allowing for at least 30 days notice.

10

C. Objections

1112

Any Class Member may object to the proposed Consent Decree by filing with the Clerk of the Court a written objection filed or postmarked no later than a date set by the Court in this case after Preliminary Approval of the Consent Decree.

14

15

13

D. Fairness Hearing

16

17

18

The Court shall hold a hearing to establish the fairness of the final settlement of the claims of the Class against Defendants and to decide whether there will be Final Approval of the Consent Decree and certification of the settlement class. This hearing shall take place at a date allowing for a period of notice to the Class as the Court may direct. At this hearing, the Parties

19

20

shall jointly move for Final Approval of this Consent Decree and entry of the Consent Decree.

21

E. Final Approval

22

The Consent Decree will take effect upon Final Approval.

23

IX. NOTICE TO THE CLASS

2425

The Department shall provide Notice to the Class, and shall bear the costs of such Notice. Notice shall be distributed by the Department as follows:

2627

1. Mailing of the full-length Notice to all persons with disabilities and disability groups known to the Department, including all persons with disabilities and disability groups to

10

11 12

13 14

15

16 17

18

19

20

21 22

23

24 25

26

27

28

which the Department mailed its disability questionnaires as part of the Transition Plan survey process (Exhibit S);

- 2. Posting of the full-length Notice at visitor bulletin boards at all park units which have bulletin boards for 90 days (Exhibit S);
- 3. Posting of the full-length Notice on the Department's website in the Accessibility Division for 90 days (Exhibit S);
- 4. Posting of the full-length Notice on the following disability list serves: adapt.cal@egroups.com; berkeley-disabled@onelist.com; and disability-civil-rights@yahoogroups.com (Exhibit S);
- 5. Mailing of the full-length Notice to any individuals or organizations which request information concerning the proposed settlement (Exhibit S);
 - 6. Including in the Notice the TTY number of Class Counsel;
- 7. Publishing a shortened version of the Notice (Exhibit V) as a one-half page advertisement in the Los Angeles Times, the Sacramento Bee, and the San Francisco Chronicle, which directs readers to the Department's website and to the address, phone number, and TTY number of Class Counsel to obtain further information regarding the proposed settlement.

X. PAYMENT TO THE NAMED PLAINTIFFS

In consideration of the time, expense, and risk that the Named Plaintiffs have spent in connection with this class action, the Department has paid a total of \$24,000 to the Named Plaintiffs, to be divided between the 4 class representatives at the Named Plaintiffs' discretion.

XI. **RELEASES**

In return for the consideration provided for in this Consent Decree, on the date of Final Approval, the Named Plaintiffs and all Class Members (which include the Named Plaintiffs), both individually and as a class, shall and do release, discharge and covenant not to sue the State of California, and each and every constituent agency, board, department, office, commission or entity of the State of California, the California Department of Parks and Recreation, the Director of the California Department of Parks and Recreation, and their officers, directors, employees, attorneys, agents, insurers, contractors, lenders, predecessors in interests, successors and assigns

(the "Released Parties") from any and all actions, causes of action, claims, or other demands for declaratory and/or injunctive relief relating to class-wide architectural and/or programmatic access for persons with disabilities at the Department's programs, services, activities and facilities prior to and during the settlement period. This release includes claims under the Americans with Disabilities Act, the Rehabilitation Act of 1973, and California Disability Access Laws (including, but not limited to, California Civil Code §§ 51 and 54, et seq.) against the Released Parties. This release includes litigation costs and attorney and consultant fees incurred by Plaintiffs in this Action, except as otherwise provided by this Consent Decree. This release does not apply to programs, services and activities of state agencies other than the Department of Parks and Recreation (such as hunting activities regulated by the State Department of Fish and Game) that may occur within Departments' parks that are not sponsored by the Department. This release does not apply to any Class Member damage claims.

The Parties hereto agree that all rights under § 1542 of the Civil Code of the State of California are hereby waived by the Parties. Section 1542 provides as follows:

A general release does not extend to claims which the creditor does not know or

A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor.

The Named Plaintiffs have previously executed individual releases of their damages claims in a compromise settlement with Defendants in return for the payment described in Section X. Copies of these releases are attached as Exhibit U.

XII. ATTORNEYS' FEES AND COSTS

Upon Final Approval, Class Counsel will file a motion for reasonable attorneys' fees and costs to be decided by the United States District Court for the Northern District of California (with any applicable rights to appeal). Class Counsel will seek an award of fees and costs in the amount of \$697,651.80 for work through March 1, 2005. Class Counsel will also seek a separate award of fees and costs for work performed after March 1, 2005. Defendants reserve their right to oppose said motion, except that Defendants hereby stipulate that in any such motion for reasonable fees and costs that Plaintiffs will be considered the prevailing parties for purposes of fee and cost claims.

The Parties further agree that all attorneys' fees and costs awarded to Class Counsel in this action shall be attributed solely to work on the injunctive relief issues for the enforcement of state and federal disability access laws for the benefit of all persons with physical disabilities, including hearing, mobility and vision disabilities, to ensure programmatic access to the entire California State Parks system. The allocation of all attorneys' fees and costs to the injunctive relief issues is appropriate in light of the substantial injunctive relief obtained for the class as a whole in this action as compared with the proportionally low damages recovery totaling \$24,000 paid to the Named Plaintiffs.

XIII. FURTHER RELIEF

Any Party may petition the Court for relief from the provisions hereunder upon a showing of events beyond the control of that Party which may preclude either Plaintiffs on the one hand, or Defendants on the other hand, from their timely compliance with the provisions of this Consent Decree.

XIV. MEDIA

22.

The Parties intend to proceed constructively with the implementation of the Consent Decree. The Parties agree to meet and confer prior to Preliminary Approval to attempt to reach an agreement on a joint press release regarding the Consent Decree. If they are unable to agree by the date of Preliminary Approval, each side may issue its own press release.

XV. DISMISSAL OF COMPLAINT

Within fourteen (14) days of Final Approval, Class Counsel shall file a request for dismissal of the Federal Action, in its entirety, with prejudice, except that the Court shall retain jurisdiction to enforce the Consent Decree and to determine reasonable attorneys' fees and costs. Class Counsel shall concurrently with filing the request for dismissal in this Action, file a request for dismissal with prejudice in State Court regarding the entire State Action.

XVI. GENERAL PROVISIONS

A. Conditions

This Consent Decree shall be conditioned upon and shall be effective only upon the occurrence of all of the following events:

- 1. The Parties move for an order granting Preliminary Approval in accordance with Section VIII. B., and such motion is granted by the Court;
- 2. Commencing at the time of Preliminary Approval of the Consent Decree, the Department provides Notice in accordance with Section IX.;
 - 3. The Fairness Hearing is held in accordance with Section VIII. D.; and
- 4. The Court approves the settlement and enters judgment in accordance with the terms of the Consent Decree after the conduct of the Fairness Hearing.

If any of these events to do not occur, this Consent Decree shall be null and void, and may not be used for any purpose.

B. <u>Non-Determination</u>

The Court has made no findings concerning alleged violations of any law, whether state or federal, local, regulation, order or rule at this time, and the Parties expressly reserve the right to litigate these matters (should this Consent Decree not receive Final Approval). The Parties agree that nothing in this Consent Decree may be interpreted as an admission by any Party of any fact, legal principle, or conclusion. If, for any reason, settlement is not effectuated, no evidence of this proposed Consent Decree shall be admissible for any purpose in this Action.

C. Entire Agreement

This Consent Decree, including its Exhibits, expresses and constitutes the sole and entire agreement between the Parties and supersedes all prior agreements, negotiations and discussions between the Parties and/or their respective counsel with respect to the subject matter of the State and Federal Court Actions and/or this Consent Decree. The Consent Decree supersedes any prior or contemporaneous oral or written agreements or understandings between and among the Parties and/or counsel for the Parties regarding the subject matter of the State and Federal Court Actions and/or this Consent Decree.

D. Notices to Parties

Other than the Notice provided under Section IX., all notices and reports provided for under this Consent Decree shall be sent to the following individuals at the following addresses (or as may be modified by written notice to the other Parties):

For Named Plaintiffs, Class, and Class Counsel: 1 2 Managing Director of Litigation Disability Rights Advocates 2001 Center Street, Fourth Floor 3 Berkeley, CA 94704-1204 Telephone: (510) 665-8644 4 Facsimile: (510) 665-8511 5 For Defendants: 6 Gary Ostrick 7 Deputy Attorney General Tort & Condemnation Section California Attorney General's Office 8 300 S. Spring Street, Suite 1702 9 Los Angeles, CA 90013 Telephone: (213) 269-6523 Facsimile: (916) 731-2120 10 (Notification shall be provided to all parties when assignment to another 11 Deputy Attorney General occurs.) 12 and 13 Chief, Accessibility Division Department of Parks and Recreation 14 2241 Harvard Street, Suite 200 Sacramento, CA 95815 15 Telephone: (916) 445-8949 Email: access@parks.ca.gov 16 Ε. Authority 17 Each Party represents to all other Parties that such Party has the full power and authority 18 to enter into this Consent Decree, that the execution and delivery thereof will not violate any 19 agreement to which such Party is a Party or by which such Party is bound, and that this Consent 20 Decree, as executed and delivered, constitutes a valid and binding obligation of such Party, 21 enforceable in accordance with its terms. The signatories to this Consent Decree expressly 22 warrant that they have been authorized to execute this Consent Decree and to bind their 23 respective Parties to the terms and provisions herein. 24 F. **Knowing Agreement** 25 Each Party to this Consent Decree acknowledges that it has been represented by legal 26 counsel, and that each Party has reviewed, and has had the benefit of legal counsel's advice 27 concerning, all of the terms and conditions of this Consent Decree. 28

G. Successors

ThiatConsent Decree shall be binding upon and inure to the benefit of the respective heirs, successors, assigns and representatives of the Parties.

H. Severability

In the event that any one or more of the provisions contained in this Consent Decree shall, for any reason, be held to be invalid, void, illegal or unenforceable in any respect, such invalidity, voidness, illegality or unenforceability shall not affect any other provision of this Consent Decree, and the remaining portions shall remain in full force.

I. Counterparts

This Consent Decree may be executed in counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute one and the same instrument. Facsimile signatures shall be considered valid signatures as of the date thereof, although the original signature pages shall thereafter be appended to this Consent Decree and filed with the Court.
