(a) This allocation was continuously appropriated by the bond act and shows a negative balance due to how the State Controller's Office tracks and reports continuous appropriations. The allocation will continue to be managed for typical year-to-year changes that impact the allocation balance and ensure the funds are not over-committed.

(b) This allocation over-commitment will be resolved, as appropriate, as part of the budget process.

(c) This negative balance is caused by outyear budget projections through 2023-24. Outyear funding will be revised as necessary to account for typical year-to-year changes, as appropriate, through the budget process.
