Comment:

I spoke with Dan about this. Please consider ORV Routes of ingress and egress. Between our 3 towns Red Mountain, Randsburg and Tehachaburg; and the added activity from Jawbone, Dove Springs, and the New JBACEC.

I also think connectors need to be considered into the El Pasos. I suspect a pathway/trail E of Hwy 14, and N of Kohn Dry Lake, and connecting with something going south up the Fremont Valley to Randsburg; either an existing trail or a new one. Where and how ORV's cross Hwy 14 may be a new issue, and very important. One "under the road" passage may be all that's necessary for R/R Park, The El Pasos, and along Kohn Dry Lake towards Randsburg. We already see many ORV's from Jawbone and Dove Springs for food & fuel, in our 3 towns, and access could be improved.

Q * Would Mgt. Funds for this New Area come from existing Grant Funds, or separately?

Q * Ed - is Pro Rallye run within these areas? What events are now run there?

Q * Whom issues permits to use this New Area.

Thank You
OHMVR Division

Q * How will this Area differ from R/R Park, E of Hwy 14?

Q * stress Addnl Law Enforcement EARLY ON. Species Monitoring Early On

Dan Could you include in your Purchase agreement that these New Properties be: exempted into perpetuity: From ever being included in Red Rock Lyn State Park, regardless of State Legislature Future "Laws." Thank Will

Could you put me in touch with the Tehachapi or Bakersfield "New Kiosk" people you mentioned last night in R/C? Thank

Also: Are you carrying a SureFire Flashlight/Lazer combination For Display Screen/TV Pointing? where do I get one? Thank Will.

Comment:

My main concern is the cattle grazing with
the OHV crowd.

The cows are creating trails - that OHV's are
using.

Comment:

Page 3. Bullet Points Are As if there is no management -

a) BLM staffing of the area is limited".

Wrong. Foj has maintained this area for 4 yrs eff/
thing to see was done by us w/ OHV funds w/ BLM
approval.

b) Enforcement is missing That is what OHMVR needs to
bring to the table

c) Resource budget include Fencing etc.

Wrong Foj has done more than any other agency
taking an area w/ 1986 PLAN, never implemented to
see what we have today. OHMVR Does not have to
reinvent the wheel.

d) Installation of Restrooms

Wrong We do not need more Restrooms

e) OHV Competition

Wrong. BLM will not allow this - Just sport
Poker now competitive ok.

Comment:

What is Needed

- 1) Law enforcement Agree 100%.
- 2) Stalling as long as FOJ get \$ from OHMVR Div either Grant or Support we do job a lot more efficient and cost effective than State can ever do.
- 3) We do not want SVRA Type Injunct too expensive this has to be a cooperative project w/ BLM & FOJ
- 4) we do not need 4x4-Quad Trails.
- 5) we need Single Track Trails with Restrioters to Vehicle
- 6) Funding for FOJ either Grants or Support Budget w/ cooperative agent w/ BLM.
- 7) Management West of Jawine Canyon Rd & Kelso Valley Rd. should carefully checked - NO OHV NOW -
- 8) Transf KVR - Div into Rd & st John Ridge Need Trails Single Track. Set How to manage

Thank You

Comment:

- 9) LEO can use BLM Visitor Center office that BLM does not use as much.
- 10) State equipment work w/ FOJ on shop, if any equipment will even be necessary.
- 11) Permits always w/ BLM as lead agency.
- 12) Grazing allotment Review and Resource impact part of Plan.
- 13) Property we do not presently use, need to be evaluated very carefully if we even want OHV use.
- 14) Link w/ segovia needs to be resolved, no green sticker now
- 15) Agreement w/ OHMVR + state we want to be part of discussion.
- 16) Need to know what other interest groups have special interest in this so we do not get surprised
- 17) Need to get Kern County, Roads and Planning involved
- 18) we do not want Red Rock to get hold of any of this land, we need to see how we can manage Red Rock.

Thank You

Comment:

- 19) Need to have Paula visit Area with FOJ staff to understand what FOJ does in this Project.
- 20) Shooting No in SURF, How will you deal with this since BLM it is allowed.
- 21) General Plan, what Budget do you Anticipate to have here.
- 22) if spirit might would you limit OHMVR to state owned land or will you look at it as one project.
- 23) Hunting, allowed now How will OHMVR deal with this.
- 24) We have Rally car Racing on Jawbre Canyon Rd once a year, Permit from Kern County Road. OHMVR issue with this?
- 25) Any Idea of charging a Fee for us to have sustainable income.
- 26) Buy the land
- 27) Agree Property at EP15 and Hwy14 For inter change before Hwy 14 is widened
- 28) NO solar or wind in Riding area

Thank You

Comment:

Question on the definition of Special Events.
one of the definitions is a organized trail ride.
I asked this of the Barstow office and they
stated that this could be "Any" Club riding
if it is deemed "Organized" - What is
the full and true definition? Will Clubs
(4x4, ROCKHOUNDS) now be required to get a
permit and insurance?
If this is true this could hurt all outdoor
recreation!

And why do most of your presentations only
show motorcycles?

Thank You
OHMVR Division
