August 2, 2022

Dear Interested Members of the Whitewater Boating Community:

Article 408 of United Water Conservation District's (United) license issued by the Federal Energy Regulatory Commission (FERC) for the Santa Felicia Project (P-2153) requires that, by August 15 of each year, United provide notification of proposed annual fall conservation water releases to interested members of the whitewater boating community.

At this time, United does not anticipate conducting a fall water conservation release in 2022. As a result, whitewater recreational opportunities associated with fall conservation releases will not be provided in 2022. An update will be provided to the whitewater boating community in the event that a conservation release is scheduled at a later date.

Should you have any questions, comments or concerns, please do not hesitate to contact me at claytons@unitedwater.org.

Sincerely;

A handwritten signature in blue ink that reads "Clayton W. Strahan".

Clayton W. Strahan
Chief Park Ranger
United Water Conservation District – Lake Piru Recreation Area

Cc: Mauricio Guardado – General Manager
