Project Summary:

The Division of Boating and Waterways provided $364,562.00 in Grant funding for the Antioch Marina Harbor Boat Launching Facility located on the southern shoreline of the San Joaquin River in Contra Costa County. Improvements added a pre-fabricated three-unit ADA compliant restroom structure and an ADA compliant concrete pathway connecting the existing accessible sidewalk from the parking area to the restroom. Installation of the restroom structure completes the remaining component from the original 2004 Antioch Marina BLF project. Due to increased costs the restroom was removed from the original project. These improvements will increase access and provide safety and enjoyment to boaters for the next 20 years.

Restroom and Parking Area

ADA Parking Stalls

Project Details:

Project
Antioch Marina BLF (1101)
Agreement C4126024

Receiving Agency
City of Antioch, Department of Public Works

Location
5 Marina Plaza,
Antioch, CA 94509
Contra Costa County
