**SUBJECT:** Program Updates

---

**OBJECTIVE**

The Community Engagement Division will provide updates on Office of Grants and Local Services programs, the Statewide Comprehensive Outdoor Recreation Plan (SCORP), and Office of Community Involvement programs.

**OVERVIEW**

Proposition 68 provides approximately \$900 million for local park and recreation projects through several grant programs. Office of Grants and Local Services' staff has accomplished numerous milestones in delivering funds for projects that serve communities throughout California. This presentation provides updates on those milestones.

The SCORP is an inclusive plan for all agencies that collectively operate more than 14,000 parks and provide recreation services throughout California. This presentation reviews highlights of the 2021-2025 SCORP.

The Office of Community Involvement works directly with community-based organizations and public agencies to tailor programs to meet community needs. Staff provide training and programs for non-traditional park users and under-served communities.
