

CALIFORNIA STATE RAILROAD MUSEUM

Widely regarded as North America's finest and most popular railroad museum, the California State Railroad Museum houses more than 20 restored locomotives and railroad cars, along with thousands of smaller artifacts and a variety of exhibits in its 100,000-square-foot main exhibition facility.

Day Trip Option

The main exhibit hall features six exhibits, telling the history of the railroad system in America and the human effort that built it. After touring the exhibits, experience railroading firsthand as it was in the early 20th century by taking a 50-minute round-trip ride along the scenic Sacramento River, while being pulled by one of the historic steam or diesel locomotives.

Tips on how to recreate responsibly during your visit are available at parks.ca.gov/SafetyTips.
