

Our Mission

The mission of the California State Parks is to provide for the health, inspiration and education of the people of California by helping to preserve the state's extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high-quality outdoor recreation.

California State Parks supports equal access. Prior to arrival, visitors with disabilities who need assistance should contact the park office. This publication is available in alternate formats by request, and is also available in pdf format on the Asilomar State Beach and Conference Grounds website: www.parks.ca.gov/Asilomar
